# community matters

fy22 annual report

Dear friends,

You chose to make New Canaan your home.  
And in New Canaan, community matters.

In 1977, local leaders established the New Canaan Community Foundation to ensure there was a simple way to give back locally. Thank you for your generosity and commitment to our community.

For over 45 years, you and your neighbors have partnered with the Foundation. You, our donors and volunteers, make it possible for the Foundation to support more than 80 local nonprofit organizations each year. Your dollars invest in youth & education, arts & culture, environment, seniors, human services, and more – shifting year-to-year to respond to the most pressing needs.

The Foundation also leads on important local issues, forging partnerships and coordinating resources – most recently, on the important topic of behavioral health. Thank you for partnering with us, to do together what no individual or organization could do alone.

Community matters.

You show us each year and, on behalf of our Board and staff, we thank you!

With sincere gratitude,

Jeffrey Williams

## Building One Community

Luis emigrated from Honduras to the United States with his wife and children seeking a better life. Although he works full-time as a store clerk for a popular grocery store, he has always envisioned owning his own business. This drive to become an independent business owner lives in the heart and spirit of many immigrants, and at Building One Community (B1C) they aim to help participants realize this dream through the Immigrant Entrepreneurship Incubator (IEI) program. The IEI program is a highly visible tier within B1C's broader Workforce Development Program, and not only does it teach the semantics of how to establish a startup, but it reinforces the technical and soft skills that are needed to operate a successful and profitable business – a gift that lasts a lifetime, and translates to generational wealth for participants and their families. Through partnership with the New Canaan Community Foundation, B1C is able to see Luis' life transformed as he continues to make strides towards importing organically-grown coffee from Honduras, and eventually opening his own coffee shop in Stamford.

## New Canaan Urgent Assessment Program

Continuing the Foundation's focus on the critical issue of behavioral health, we have collaborated with the Town of New Canaan and Silver Hill Hospital to support greater access to care for New Canaan residents. The New Canaan Urgent Assessment Program, based at Silver Hill, serves children, adolescents, and adults and is available to New Canaan residents for no out-of-pocket cost. The goal is to connect people in need of mental health treatment with a timely assessment and tailored referral for ongoing care. This new program is an important milestone in several years of working with partners across our community to increase access to care.

## GetAbout

The Foundation provides essential support to GetAbout's transportation mission. In 2021, GetAbout provided 5,990 rides to New Canaan seniors and residents with special needs. About 60% of those rides were to medical destinations either within New Canaan or to surrounding communities. This service has been a lifesaver for many, especially those undergoing chemotherapy, radiation, or dialysis treatment. So far in 2022, ridership is up by about 40% over 2021.

## Domus Kids

The Work & Learn After-School Program funded by the Foundation is an after-school, youth development employment training program that exposes young people ages 16-18 to paid, hands-on work in a supportive environment. The program enrolls high school youth from Stamford – with a preference for those in other Domus programs already serving disengaged high school youth – and focuses on teaching employment readiness skills. This workforce training program consists of two key components: hands-on experience in a business area of interest (such as music production, small engine repair, culinary, or woodworking) and job-related skills/soft skills classes (including first impressions, financial literacy, creating a resume, goal setting, and professional interviews). The skills they learn in this program will stay with them and will help them in their everyday lives and in future jobs.
